

Dear Colleague,

Thanks for your interest in the Integrative Health Forum (IHF). The IHF is a discussion and idea forum for international health professionals. Weekly Health Professionals' calls discuss integrative technologies and how they are used and shared within the health professional community. Strategies, testimonials, and product information are disseminated through weekly calls, quarterly roundtable breakfast meetings, and online communications.

Membership is open only to licensed healthcare professionals within any of the health disciplines, i.e., nursing, medicine, physical/occupational/speech and language therapies, chiropractic, podiatry, dentistry and more. Within Europe, we include those eligible for licensure. Other applications are reviewed on a case-by-case basis.

In order to join the IHF, a request is sent to info@ihfglobal.com. Please complete it in detail, and send it as an attachment. Please respond quickly so that information may be verified. When the application process has been completed, you will be invoiced for the membership fee and provided access once that process has been verified.

www.ihfglobal.com – The website launched in November 2008; you may register online at that site for access to files, power points, pdf, white papers, and the speaker's bureau. The initial fee for membership/access to the site is \$25.00; renewal is \$10.00 annually based on the calendar year.
